"Father to the fatherless, defender of widows, this is God, whose dwelling is holy.
God places the lonely in families, he sets the prisoners free and gives them joy." Psalm 68:5&6

On our first trip back to Chile since Dale got sick, we were excited to see the work had progressed.

Under Daleen's supervision volunteers had finished laying the rock walls and pouring the beams on the shop building. Trusses had been built for and the roofs put on the 3200 foot square shop and the 3200 square foot building that will house eight children and two staff families. Lots of plastering and painting were completed. The wood shed was full of firewood. Thanks to all who stepped up and filled in while Dale was sick.

On our September through December trip Dave Wolfskill, Steve Azevedo, Daleen and Eli roughed in the plumbing on the two buildings. Noeval Semchanko worked on the pickups and equipment making sure all was in working shape. Matt Wolfskill helped complete the rock laying. With the supervision and help of his wife, Tiffany, he did a wonderful job. Dale stumbled

around with his walker bossing the job while I did the cooking and cleaning.

We return to Chile February 1 through April 23rd.

We have several volunteers joining us including a team from the School of Mines in Rapid City. We can use all the help offered. You don't need to have any particular skills as there is lots of other work that needs to be done so join us if you can.

We have seen the faithfulness of God on this project through, you, His people.

Blessings,
Sandi
